THE BEST FOR ANY STYLE

ROOF.

RUBEROID

ROOFING

READY TO LAY.

All you need is a pair of hands and a hammer. Is BETTER THAN TIN.

Why? Because tin costs from \$6.00 to \$7.00 per square. RUBEROID costs from \$2.85 to \$3.85 per square. RUBEROID lasts longer than tin. It's better. Write or call for samples.

Equal Distribution of Space!

Now Listen to This!

A perfect Shoe should contain not a single particle of space more than necessary, otherwise the Shoe becomes large and ungainly. The Dorothy Dodd Shoe leaves more space for the foot than any other Shoe we know of, yet the Shoe itself is absolutely smaller than the ordinary Shoe. That is because it equally distributes space.
